## BREAKING NEWS EXCLUSIVE: Massive Weight Loss "Secret" Discovered

### New "Flat Belly" Diet Exposed: [Miracle Diet](#) or [Internet Scam](#)?

As part of a new series: "Diet Trends: A look at America's Top Diets" we examine consumer tips for dieting during a recession

Like 605 people like this.

**Carolyn**  
investigates a local resident's "perfect diet" discovery.

Hoodia herbs are the latest weight loss fad. This "[Super Food](#)" weight loss supplement has been getting a lot of international attention. You might have noticed, it is all over the internet in blogs with success stories of people who have used it and lost a **ton of weight**.

Channel 9 News Today was a bit skeptical whether or not the popular [HCG](#) with [Colon Cleanse](#) diet actually worked. We decided to put these products to the test. What better way to find out the truth; we conducted our own study!

To get started, I volunteered to be the guinea pig. I applied for a bottle of [HCG Activator](#). While there are tons of [HCG](#) ads online, [HCG Activator](#) is one of the most credible and trustworthy suppliers on the market. It included the free trial of the product and it did not try to fool me into agreeing to additional hidden offers. Another reason why I chose [HCG Activator](#) is because it is the [most concentrated and purest hoodia products](#) on the market. This would give me the most accurate results for my test.

#### Here is what HCG Activator claimed on their website...

- Up To 4 Times More Weight Loss Than Standard Diets
- Boosts Energy without causing the 'jitters'
- Accelerates Fat Loss
- Boosts the Immune System
- Potent With Amino Acids

We were pretty skeptical, but wanted to find out for ourselves if this product could actually do everything that it claimed. Most of the success stories talk about combining [HCG](#) with a special fortified coffee product to achieve maximum weight loss. I decided to do the same. The idea behind combining the products is that while the [HCG Activator](#) encourages weight loss and increases energy, the coffee speeds up your metabolism and allows your body to work and burn calories more efficiently. I chose [ColoTrim Colon Cleanse](#) to test. Coffee is the most widely consumed beverage in the world, a coffee company called South Beach Java has pioneered a healthier blend of fortified coffee that claims to provide some serious results.

#### Here is what ColoTrim Colon Cleanse claimed on their website...

Carolyn Thomas, our Health and Diet columnist, recently put the [HCG](#) diet to the test. After four weeks of testing the effects of [America's Newest Superfood](#) combined with a [Colon Cleanse](#), she has reached the conclusion to what this diet is all about - the results were surprising

**She lost 25 lbs in 4 weeks.**

The [HCG](#) Diet benefits beat all of our initial skepticism. This diet was discovered to not only provide weight loss, but also boost energy levels. Additionally it helped Carolyn with a better night's sleep which resulted in her waking up more rested.

» [Weight Loss Tips](#)

1. Set a goal. Identify your ideal weight and set up a plan

- Burns Body Fat
- Curbs Appetite Dramatically
- Speeds Up the Metabolic Process - Therefore Burning More Calories
- Boosts Metabolism by 4x

The [ColoTrim Colon Cleanse](#), like the [HCG](#), had a free trial with a 100% satisfaction guarantee and no hidden offers.

### Putting HCG to the Test

Both the [HCG Activator](#) and [ColoTrim Colon Cleanse](#) arrived within 4 days of placing my order.

The bottles I received held a month's worth of product which worked out perfect as I was to follow the supplement routine for 4 weeks time and document my progress throughout

### 4 Week HCG Diet: HCG Activator + ColoTrim Colon Cleanse

- [Take HCG Activator once per day](#)
- [Take ColoTrim Colon Cleanse once per day](#)

### My Results

#### Week One

After one week on the diet using both products I was surprised at the dramatic results. My energy level was up, and I wasn't even hungry, an apparent side effect of the [HCG](#), which curbs the appetite.

I honestly felt fantastic.

And I didn't even have to change anything about my daily routine. On day 7 I got on the scale - I couldn't believe my eyes! I had lost 9 lbs. But I still wasn't convinced. Because as they say: You lose a lot of water at the beginning of any diet. I wanted to wait and see the results in the upcoming weeks before going ahead and telling my friends about it. But it sure was looking up! I now weighed under 140 pounds for the first time in years!

#### Week Two

After two weeks of using both supplements, I started the week off with even more energy and was actually sleeping more soundly than before. I was no longer waking up during the night and tossing and turning because my body was actually able to relax (this is a result of getting rid of the toxins I think). Plus I still managed to lose another 7 pounds, putting me at an unbelievable 16 lbs of weight loss, in just 2 weeks.

I have to admit that I'm starting to believe that this diet is more than just a gimmick.

#### Week Three

After 3 weeks all my doubts and skepticism had absolutely vanished! I am down 2 full dress sizes, after losing another 6 pounds. And I still have a ton of energy. Quite often, around the third week of other diets, you tend to run out of steam. But with the [HCG Activator](#) and [ColoTrim Colon Cleanse](#) diet my energy levels don't dip, but remain steady throughout the day. I no longer need that cat nap around 3pm in the afternoon! And I am even noticing that my stomach is digesting food so much better. No bloating or embarrassing gas after I eat!

#### Week Four

After the fourth week, my final results were shocking. I lost an unbelievable 25 lbs since starting the [HCG Activator](#) and ColoTrim Colon Cleanse diet! Actually everyone at Consumers Digest Weekly is kicking themselves for not having volunteered to be the guinea pig.

**This is key! Using both products is highly recommended for results like Carolyn's.**

**Note: Free Trials expiring on March 18, 2011**

3. Vitamins are good for you. The American diet lacks essential vitamins and minerals. Balance your health with the best supplements.

4. Walk the Walk. You burn calories when you walk, did you know that? Keep active and balance your diet with regular exercise.

5. Sleep it off. To be an efficient fat-burning machine, your body requires at least eight hours of sleep a night. If you think that you're doing yourself a favor by sleeping less, you're mistaken.

Using the [HCG Activator](#) and [ColoTrim Colon Cleanse](#) in week 4 I lost 3 more pounds. But to be honest I really didn't have much more than that left to lose. ## BREAKING NEWS EXCLUSIVE: Massive Weightloss "Trick" Exposed

**Michelle**  
investigates the Acai combo diet to find out if this miracle diet works.

[Acai berries](#) are the latest weight loss fad. These so called Super Foods that you take as a supplement to lose weight have been getting a lot of international attention. And like you have probably already seen; they are all over the internet in blogs and success stories of people who have apparently used the pills and lost a ton of weight.

But we here at Channel 6 are a little skeptical and aren't sure that we've seen any real proof that these pills work for weight loss. So we decided to put these products to the test. What better way to find out the truth than to conduct our own study?

To get started, I volunteered to be the guinea pig. I applied for a bottle of the [Acai VitaBoost](#). While there are ton's of Acai berry ads online, [Acai VitaBoost](#) is one of the most credible and trustworthy suppliers on the market. The idea behind combining the products is that while the [Acai Berry](#) encourages weight loss and increases energy, the colon cleanse helps rid your body of toxins and allows your body to work and burn calories more efficiently. I chose [Colothin](#) to test.

#### Here is what Colothin claimed on their website...

- Helps Eliminate Bad Toxins that have Built Up Over the Years
- Removes 'Sludge' from the Walls of the Colon
- Helps Get Rid of Gas and Bloating
- Helps to Regulate the Metabolism

And the Colothin, like the Acai Berry, had a free trial with a 100% satisfaction

Michelle, our Health and Diet columnist, recently put the Acai Diet to the test. After four weeks of testing the effects of America's Newest Superfood combined with a Colon Cleanse, she has reached the conclusion to what this diet is all about, and the results were surprising.

After the fourth week, my final results were shocking. I lost an unbelievable 25 lbs since starting the Acai VitaBoost and Colothin diet! Actually everyone at Channel 6 is kicking themselves for not having volunteered to be the guinea pig. Using the [Acai VitaBoost](#) and [Colothin](#) in week 4 I lost 3 more lbs. But to be honest I really didn't have much more than that left to lose. Given the results and the added health benefits I will continue to use the products indefinitely!

I couldn't be any happier with the results.

I Lost 25 lbs in 4 Weeks, No Special Diet, No Intense Exercise

**Conclusion:** Like us, here at Channel 6, you might be a little doubtful about the effects of this diet, but you need to try it for yourself; the results are real. After conducting our own personal study we are pleased to see that people really are finding success with it (myself included 😊). And you have nothing to lose. Follow the links to the free trials I have provided and know that you are getting a quality product that works; no strings attached!

**4. Walk the Walk.** You burn calories when you walk, did you know that? Keep active and balance your diet with regular exercise.

**5. Sleep it off.** To be an efficient fat-burning machine, your body requires at least eight hours of sleep a night. If you think that you're doing yourself a favor by sleeping less, you're mistaken.

# Acai Berry Diet Exposed: Miracle Diet or Scam?

As part of a new series: "Diet Trends: A look at America's Top Diets" we examine consumer tips for dieting during a recession

Thursday March 17, 2011

## » WEIGHT LOSS TIPS

1. Set a goal. Identify your ideal weight and set up a plan to start reaching your goal.
2. Don't be afraid to ask for and get help. You're not going to lose weight alone. Tell you family. Get support.
3. Vitamins are good for you. The American diet lacks essential vitamins and minerals. Balance your health with the best supplements.
4. Walk the Walk. You burn calories when you walk, did you know that? Keep active and balance your diet with regular exercise.
5. Sleep it off. To be an efficient fat-burning machine, your body requires at least eight hours of sleep a night. If you think that you're doing yourself a favor by sleeping less, you're mistaken.

## » ACAI BERRY: FOX35 SPECIAL REPORT

Acai Health Benefits. America's #1 Superfood. Look younger and Live Longer and Healthier.

The Real Dangers of having a Toxic Colon

Our Reporter investigates the Acai Berry diet to find out for herself if this super diet works.

Acai berries are the latest weight loss fad. These so called Super Foods that you take as a supplement to lose weight have been getting a lot of international attention. And like you have probably already seen; they are all over the internet in blogs and success stories of people who have apparently used the pills and lost a ton of weight. But we here at Health News 13 are a little skeptical and aren't sure that we've seen any real proof that these pills work for weight loss. So we decided to put these products to the test. What better way to find out the truth than to conduct our own study?

To get started, I volunteered to be the guinea pig. I applied for a bottle of the [Pure Acai Select](#). While there are ton's of Acai berry ads online, [Pure Acai Select](#) is one of the most credible and trustworthy suppliers on the market. It included the free trial of the product and it did not try to fool me into agreeing to additional hidden offers. Another reason why I chose [Pure Acai Select](#) is because it is the most concentrated and purest acai products on the market. This would give me the most accurate results for my test.

### Here is what Pure Acai Select claimed on their website...

- 4 Times More Weight Loss Than Diet And Exercise
- Boosts Energy
- Rich in Antioxidants
- Promotes Cardiovascular and Digestive Health

Were pretty skeptical, but wanted to find out for ourselves if this product could actually do everything that it claimed. Most of the success stories talk about combining acai berry with colon cleansing products to achieve maximum weight loss. I decided to do the same. The idea behind combining the products is that while the Acai Berry encourages weight loss and increases energy, the colon cleanse helps rid your body of toxins and allows your body to work and burn calories more efficiently. I chose [ColoThin](#) to test.

- Helps Eliminate Bad Toxins that have Built Up Over the Years
- Removes 'Sludge' from the Walls of the Colon
- Helps Get Rid of Gas and Bloating
- Helps to Regulate the Metabolism

And the ColoThin, like the Acai Berry, had a free trial with a 100% satisfaction guarantee and had no hidden offers.

Kimberly Sachse, our Health and Diet columnist, recently put the Acai Diet to the test. After four weeks of testing the effects of America's Newest Superfood combined with a Colon Cleanse, she has reached the conclusion to what this diet is all about, and the results were surprising.

### She lost 25lbs in 4 weeks.

The benefits of the Acai berry diet beat all of our initial skepticism. We found the diet not only with weight loss, but it seemed to boost energy levels, and also helped Julia sleep better and to wakeup more rested.

### Our trial involved a two-step plan:

#### Step 1- [Pure Acai Select](#)

Use our exclusive promo code "PureAcai" to get \$6.95 shipping!

#### Step 2- [ColoThin](#)

Use our exclusive promo code "COLOSHIP" to get \$4.79 shipping!

Free Trials Expire: Saturday, March 19, 2011

This is key\* - The combination is what produced the results we were

# Putting Acai to the Test

Both the [Pure Acai Select](#) and [ColoThin](#) arrived within 4 days of having placed my order online for the free trials.

The bottles I received held a month's worth of pills which worked out perfect as I was to follow the supplement routine for 4 weeks time and document my progress throughout

## My Test 4 Week Acai Berry Diet: Pure Acai Select + ColoThin

### My Results

#### Week One

After one week on the diet using both products I was surprised at the dramatic results. My energy level was up, and I wasn't even hungry, an apparent side effect of the Acai Berry which curbs the appetite.

I honestly felt fantastic.

And I didn't even change anything about my daily routine. On day 7 I got on the scale and couldn't believe my eyes. I had lost 9 lbs. But I still wasn't convinced as they say you lose a lot of water at the beginning of any diet. I wanted to wait and see the results in the upcoming weeks. But it sure was looking up! I now weighed under 140 lbs for the first time in years!

#### Week Two

After two weeks of using both supplements, I started the week off with even more energy and was actually sleeping more soundly than before. I was no longer waking up during the night and tossing and turning because my body was actually able to relax (this is a result of getting rid of the toxins I think). Plus I still managed to lose another 7 lbs, putting me at an unbelievable 16 lbs of weight loss, in just 2 weeks.

I must admit that I'm starting to believe that this diet is more than just a gimmick.

#### Week Three

After 3 weeks all my doubts and skepticism had absolutely vanished! I am down, 2 full dress sizes, after losing another 6 lbs. And I still have a ton of energy. Quite often, around the third week of other diets, you tend to run out of steam. But with the Acai Optimum and Advanced Cleanse diet my energy levels don't dip, but remain steady throughout the day. I no longer need that cat nap around 3pm in the afternoon! And I am even noticing that my stomach is digesting food so much better. No bloating or embarrassing gas after I eat!

#### Week Four

After the fourth week, my final results were shocking. I lost an unbelievable 25 lbs since starting the Acai Optimum and Advanced Cleanse diet! Actually everyone at Health News 13 is kicking themselves for not having volunteered to be the guinea pig. Using the Acai Optimum and Advanced Cleanse in week 4 I lost 3 more lbs. But to be honest I really didn't have much more than that left to lose. And I am definately going to continue taking the Acai Optimum afterwards because it has so many antioxidants and vitamins that makes my skin look unbelievable.

able to see.

Special CBS new report on the importance of colon health. Why it's important to remove toxins from your colon.

I couldn't be any happier with the results.  
I Lost 25 lbs in 4 Weeks, No Special Diet, No Intense  
Exercise

**Conclusion** Like us, here at Health News 13, you might be a little doubtful about the effects of this diet, but you need to try it for yourself; the results are real. After conducting our own personal study we are pleased to see that people really are finding success with it (myself included :) ). And you have nothing to lose. #### Network Reviews:

ABC News Calls Acai Berry A Superfood! The network reports that many world-class athletes have started using Acai berry products as part of their personal training regimen.  
- ABC News

Studies show that the acai berry is one of the most nutritious foods in the world. Acai is

within 4 days of having placed my order.

The bottles I received held a month's worth of pills which worked out perfect as I was to follow the supplement routine for 4 weeks time and document my progress throughout.

## My Test

### 4 Week Acai Berry Diet: Acai Berry Select + Digest It

- [Take one Acai Berry Select pill per day](#)
- [Take one Digest It pill per day](#)

## My Results

### Week One

After one week on the diet using both products I was surprised at the dramatic results. My energy level was up, and I wasn't even hungry, an apparent side effect of the Acai Berry which curbs the appetite.

I honestly felt fantastic.

And I didn't even change anything about my daily routine. On day 7 I got on the scale and couldn't believe my eyes. I had lost 9 lbs. But I still wasn't convinced as they say you lose a lot of water at the beginning of any diet. I wanted to wait and see the results in the upcoming weeks. But it sure was looking up! I now weighed under 140 lbs for the first time in years!

### Week Two

After two weeks of using both supplements, I started the week off with even more energy and was actually sleeping more soundly than before. I was no longer waking up during the night and tossing and turning because my body was actually able to relax (this is a result of getting rid of the toxins I think). Plus I still managed to lose another 7 lbs, putting me at an unbelievable 16 lbs of weight loss, in just 2 weeks.

I must admit that I'm starting to believe that this diet is more than just a gimmick.

### Week Three

After 3 weeks all my doubts and skepticism had absolutely vanished! I am down, 2 full dress sizes, after losing another 6 lbs. And I still have a ton of energy. I no longer need that cat nap around 3pm in the afternoon! And I am even noticing that my stomach is digesting food so much better. No bloating or embarrassing gas after I eat!

### Week Four

After the fourth week, my final results were shocking. I lost an unbelievable 25 lbs since starting the Acai Berry Select and Digest It diet! Actually everyone at Weekly Health is kicking themselves for not having volunteered to be the guinea pig. Using the [Acai Max Cleanse](#) and [Digest It](#) in week 4 I lost 3 more lbs. But to be honest I really didn't have much more than that left to lose. Given the results and the added health benefits I will continue to use the products indefinitely!

**I couldn't be any happier with the results.**

**I Lost 25 lbs in 4 Weeks, No Special Diet, No Intense Exercise**

**Conclusion:** Like us, here at Weekly Health, you might be a little doubtful about the effects of this diet, but you need to try it for yourself; the results are real. After conducting my own personal study and seeing the effects, I am pleased to see that other people really are finding success with it too. The best part is, you have nothing to lose but the weight! Follow the links to the free trials I have provided and know that you are getting a quality product that works; no strings

packed with antioxidants, amino acids and essential fatty acids.

- **MSNBC**

CBS News notes that Acai berries are "rich in B vitamins, minerals, fiber, protein and omega-3 fatty acids. Acai berries also contain oleic acid.

## » Weight Loss Tips

1. Set a goal. Identify your ideal weight and set up a plan to start reaching your goal.
2. Don't be afraid to ask for and get help. You're not going to lose weight alone. Tell your family. Get support.
3. Vitamins are good for you. Other Canadian diets lack essential vitamins and minerals. Balance your health with the best supplements.
4. Walk the Walk. You burn calories when you walk, did you know that? Keep active and balance your diet with regular exercise.
5. Sleep it off. To be an efficient fat-burning machine, your body requires at least eight hours of sleep a night. If you think that you're doing yourself a favor by sleeping less, you're mistaken.

## BREAKING NEWS EXCLUSIVE: Massive Savings "Trick" Discovered

### Channel 6 News Now Exclusive

[Recommend](#) 19 people recommend this.

**Julia** investigates  
new shopping trends  
on the internet.

Surplus auction websites are a brand new phenomenon that is spreading fast through North America and Europe. These websites are all over the internet in blogs touting success stories of people who have apparently bought expensive items at deep discounts for extremely cheap prices. Like the name implies, [BidMacs](#) actually allow individuals to do just what it implies, win popular high-end products for just pennies. Most of these sites auction off products such as iPads, Macbooks, Digital Cameras, HDTVs, Gaming consoles and more at deep discounts.

Sounds too good to be true? We at Channel 6 News were a bit skeptical about these surplus auction sites

were real, so we decided to put them to the test and really find out what kind of bargains can be found. What better way to uncover the truth than to conduct our own study?

I wanted to **buy a new HDTV**, so I was put in charge of the test.

First, I did a ton of research on the subject to find out which surplus auction site was the most trustworthy and ultimately would be best suited for my test. After hours and hours of research I came to the conclusion that [BidMacs](#) was best because of its wide variety of products and great reputation. The way these auction sites supposedly work is that you buy bids to bid against others in auctions. If you win, you get to purchase the item at deep discounts. It sure beat clipping coupons!

[BidMacs](#) had a new promotion, for a limited time, they are giving out 100 bonus bid coupons on signup! This created an ideal situation for me, giving me the bids necessary to thoroughly test the site. This promotion is to help spread the word about shopping with [BidMacs](#) and show people how many deals can be had with surplus auctions.

### Wondering How BidMacs Can Provide Such Deals?

[BidMacs](#) gets their items for less than wholesale from warehouse closeouts, surplus auctions, and liquidation clearance auctions. This is how they can offer such deep discounts in comparison to retail outlets.

### What Do They Put Up For Auction?

I've seen everything from cars to phones, computers, laptops, TVs, cameras, stereo equipment and **pretty much anything you can think of.**

Putting BidMacs to the Test

After going through a simple registration process on BidMacs, I got my bids and began to try and win items listed up for auction. Before registering, I was still a little confused about the whole process - but after registering everything became clear.

I began to bid on the item I was after, a 42" Panasonic LCD TV. Surprisingly, I won after a very short period of bidding. **It cost me only \$67.50 total for a \$899 HDTV for a savings of \$831.50!**

To make sure this wasn't a fluke, I decided to try again to see I could get even bigger savings on another item - again, to my surprise I won yet again - this time the savings were bigger! **I ended up spending \$163 for a \$1,199 MacBook Pro.** I was extremely impressed to say the least. I don't think stores can touch these deals!

After I won the products and paid for them - I received the items in only a few days through normal shipping. Within a short period I had my items in hand. I've never gotten such a bargain. Simply amazing.

My Full Experience With BidMacs\*

Week One

Research on the surplus auction system and how it works, and how you could legitimately get 95% off retail prices. You buy bids to bid against others in auctions. If you win, you get to purchase the item at a deep discount. I saw there were many users who won multiple auctions and knew that with the right strategy that could be me.

Week Two

After finding that BidMacs was the most legitimate surplus auction site around, I registered with the promo code and claim my 100 bonus bid coupons. I messed up on my first try, and didn't win the auction, but it didn't cost me much, so I continued to try to really find out if this system works. I developed my system. I started to look for an auction that didn't have a lot of bidders. Typically these were the auctions taking place between 2am-5am EST.

Week Three

After some trial and error, I was able to win my first auction. After that, I decided I'd try again and see if it was possible to win more than once consecutively. This actually happened, and I won my second auction - once again at a deep discount. After this, my bids were mostly spent, however I was VERY EXCITED to see my cheap items being shipped!

Week Four

I received my items, and they were in mint condition on delivery. Packaging was very good. I will never use a regular auction site again! I still can't believe I got such deals at such an incredible discount!

I couldn't be any more pleased with the results

Bobby Torres: " At first I was skeptical about if I could win an auction, but after getting down my groove and bidding strategy, I won a playstation 3! I'll be coming back!"

Jonathan Ellis: "I just opened my MacBook Pro. BidMacs ROCKS! I can't wait to win more items! I'm telling all my friends about your site."

## A Step-By-Step Guide To BidMacs

Now that you know BidMacs can offer real savings, you may be wondering how exactly it all works. Don't worry – we'll tell you everything you need to know! Here is our step-by-step guide to get you started:

### Step 1:

Register as a user at BidMacs and get your bids. **UPDATE: Use this exclusive link and and get discount packages!**  
**Promo expires on March 21, 2011**

### Step 2:

Search the auctions until you find an item that appeals to you.

### Step 3:

Start placing your bids.

### Step 4:

When you win the auction, you'll be taken to the checkout where you can buy your item at a deep discount! It's really that easy!

### Conclusion

Overall, I had a very positive experience with BidMacs, which was very surprising to me. What once seemed impossible has now turned into a reality, a possibility to get discounts 95% off retail!

P.S. BidMacs has agreed to keep the promo active for our readers for a short while longer. Get in on it while you can!

will the items be brand new? or is it refurbished or open box items sold in the auction? Also, what is the return policy if the item is defective? Can it be returned to the manufacturer or back to the auction site?

All products are brand new and are unopened. However, if you do get a defective item, simply let us know upon receiving the package and we'll figure out a solution to the issue. You will typically either get a new product in its place, or will get your money back. Thanks!

How do I know when an auction ends? Does the timer get reset back to 10 seconds as people continue to bid, then suddenly the auction is over and the item is SOLD even though people are still bidding? So at what point does the auction end?

REPLY

Julia

November 19, 2010 - 5:38 pm

Hey Steve to answer your question, the timer is reset each time a person bids, so an auction ends when no one else bids. If you are the last bidder, you win. It never ends when people are still bidding. So we want everyone to have a fair shot at winning the product. Thanks for the question!

November 21, 2010 - 11:37 pm

Hey Marman – can you explain what was confusing to you? The biggest thing you need to know is that the timer is reset each time a person bids, so an auction ends when no one else bids. Let us know if that doesnt make sense. Thanks!

Mindy

December 9, 2010 - 11:18 pm

So the bid ends when no one else bids for how long? I bid on something and the timer keeps resetting back to 18 seconds even though no one else has bid for the last 10 minutes.

November 19, 2010 - 5:43 pm

so if i bid do my bid amount get deducted or added onto the price of the item? I wann know if I win an auction, what do I owe you guys?

REPLY

Julia

November 19, 2010 - 5:45 pm

when you win the auction, you owe the ending price and shipping of that product. Remember that you purchase the right to bid on any auction up front, before you even start the auction process. Watch your costs, keep track of how many bids you make and then that is your total cost. Hope that answers your question. thanks!

November 19, 2010 - 9:44 pm

So how do I start bidding?

REPLY

Julia

November 19, 2010 - 9:47 pm

First you enter your contact information and get a username, password and agree to the Terms & Conditions and Privacy Policy. You can then purchase bids using your credit or debit card. Bear in mind, we offer a full refund for all non-used purchased bids. The you simply select a "Product Auction" you want to bid on and place a bid. Its just that simple!

November 19, 2010 - 9:49 pm

Sound good, but what happens to my bids if I don't win an auction?

REPLY

Julia

November 19, 2010 - 9:54 pm

Its pretty simple – any bids that are placed during an auction are considered "used" and won't be returned to your account, whether you win the auction or not. At this point these bids become non-refundable. But keep bidding, you're bound to get a great deal.

Francis

November 19, 2010 - 9:52 pm

Also, sorry for the stupid question, but Im new to this, but it mentions purchase bids, how does that work?

REPLY

Julia

November 19, 2010 - 9:57 pm

No problem, Francis, lots of people are new to this as well. Here's how it works: some Bid Packs come with free Bonus Bids. You can only use your Bonus Bids AFTER you've used up all Purchased Bids. BidMacs Auctions offers a Full Refund for all your unexpired Purchased Bids. Hope that answers your question?

Thanks Sharon, our goal is help you make an informed decision here and get some killer deals in the process – so glad you like it!

Bids cost just \$0.60 each. They are available for purchase in bid packs ranging from 30 to 2000 bids. so you can start for as little as \$18!

Also, many bid packs offer bonus bids, which makes the price per bid less than \$0.60 in those cases. Now, you can ONLY use your FREE Bonus Bids AFTER you have depleted all Purchased Bids. BidMacs Auctions offers a Full Refund for all unexpired Purchased Bids too. If you purchased a Bid Pack that comes with FREE Bonus Bids, you won't recieve a monetary refund for FREE Bonus Bids. Bids that are won in an online auction are nonrefundable and never expire. Good luck in your bidding!

Is the shipping and handling very expensive?

REPLY

Julia

November 27, 2010 - 4:16 am

Good question David – shipping fees are detailed on every auctions page. Shipping fees are largely dependent on the size of the item you win – (an ipod costs less to ship than a 50" plasma!) Unless otherwise stated you are responsible for the shipping fee for each product you win. As far as delivery goes, in most cases you can expect delivery between 7 and 14 business days from the date you complete the auction. Hope you win!

Hey Geri that's awesome – you cant win anythnig unless you bid so you took the first step, which is great! Now any bids placed during an auction are considered "used" and won't be returned to your account, whether you win the auction or not. At this point these bids become non-refundable. You can always buy more bids of course at that point. Hope you get some cool stuff!

Hey Jan – we're not sure why – but the state of Minnesota has banned residents from penny auction sites. Our guess is they apparently feel auction online ate akin to gambling – which they are not according to the Federal government. BidMacs Auctions and all other penny sites are 100% legal in the U.S. and all other countries. Thanks for the comment.

Hey Jammy – you pick your bid pack before you enter your credit card info. This is the page you are directed to after you register, pick your username, password and all that. You can choose a bidpack for as low as \$18 or as high as \$999 – it all depends on your budget. The larger your bid pack you choose, however, the more bonus bids you get and the lower your price per bid. Hope that helps. Good luck bidding!

REPLY

Julia

December 14, 2010 - 11:52 am

We recommend to first take a few minutes to fully understand penny auctions, and watch a couple auctions as they are ending. Next, instead of bidding on many different auctions, pick out something you really want and focus on that one item. If you're just starting out (and alot of people are too) try to win a smaller item right away. These are usually less competitive and can be had for much cheaper. And lastly, stock up on bids. It's usually people who are focusing and bidding on a single item that win it. Also, make sure you don't lose track of how much you're bidding and how much you bid.

The best part is that because of the "Buy It Now" feature, you can never pay more than the full price for an item on BidMacs, and you may get it for much much less. Good luck!!!!

Hey Todd – I know a lot of people have the same question so glad you asked. Good news! Yes it will come by Christmas. BidMac ships items as quickly as possible – within 3 business days. In most cases you should receive your item within 5 to 7 days.

## Wavee

Like Be the first of your friends to like this.

Sarah investigates new shopping trends on the internet.

Surplus auction websites are a brand new phenomenon that is spreading fast through North America and Europe. These websites are all over the internet in blogs touting success stories of people who have apparently bought expensive items at deep discounts for extremely cheap prices. Like the name implies, **Wavee** actually allow individuals to do just what it implies, win popular high-end products for just pennies. Most of these sites auction off products such as iPads, Macbooks, Digital Cameras, HDTVs, Gaming consoles and more at deep discounts.

Sounds too good to be true? We at Channel 6 News were a bit skeptical about these surplus auction sites were real, so we decided to put them to the test and really find out what kind of bargains can be found. What better way to uncover the truth than to conduct our own study?

I wanted to buy a new HDTV, so I was put in charge of the test.

First, I did a ton of research on the subject to find out which surplus auction site was the most trustworthy and ultimately would be best suited for my test. After hours and hours of research I came to the conclusion that **Wavee** was best because of its wide variety of products and great reputation. The way these auction sites supposedly work is that you buy bids to bid against others in auctions. If you win, you get to purchase the item at deep discounts. It sure beat clipping coupons!

**Wavee** had a new promotion, for a limited time, they are giving out 100 bonus bid coupons on signup! This created an ideal situation for me, giving me the bids necessary to thoroughly test the site. This promotion is to help spread the word about shopping with **Wavee** and show people how many deals can be had with surplus auctions.

### Wondering How **Wavee** Can Provide Such Deals?

**Wavee** gets their items for less than wholesale from warehouse closeouts, surplus auctions, and liquidation clearance auctions. This is how they can offer such deep discounts in comparison to retail outlets.

### What Do They Put Up For Auction?

I've seen everything from cars to phones, computers, laptops, TVs, cameras, stereo equipment and pretty much anything you can think of.

## Putting Wavee to the Test

After going through a simple registration process on [Wavee](#), I got my bids and began to try and win items listed up for auction. Before registering, I was still a little confused about the whole process - but after registering everything became clear.

I began to bid on the item I was after, a 42" Panasonic LCD TV. Surprisingly, I won after a very short period of bidding. It cost me only \$67.50 total for a \$899 HDTV for a savings of \$831.50!

To make sure this wasn't a fluke, I decided to try again to see I could get even bigger savings on another item - again, to my surprise I won yet again - this time the savings were bigger! I ended up spending \$163 for a \$1,199 MacBook Pro. I was extremely impressed to say the least. I don't think stores can touch these deals!

After I won the products and paid for them - I received the items in only a few days through normal shipping. Within a short period I had my items in hand. I've never gotten such a bargain. Simply amazing.

Thanks for this report. I will sign up for Swoopo to test it out. The other auction sites are very

competitive and they do not have a good variety of products to choose from.

@Ann - All of Swoopo products are brand new and will not have been opened. If you get a defective item, definitely let them know when you receive your package and they'll figure out a solution for you. You will typically either get a new product in its place, or you will get your money back.

## Surplus Auctions Exposed: 95% Off Retail Possible?

Part Two of the series: "Ways to Save Online"

### SPECIAL REPORT

Consumers are saving more on brand-name items. We find out how surplus auctions are changing the way online shopping is done.

Paula investigates "surplus" auctions, like BidRivals, to find out if this system really works.

Surplus auction websites are a new phenomenon that is quickly spreading through North America and Europe (like you have probably already seen). They are all over the internet in blogs and success stories of people who have apparently bought expensive items at very little cost. Here at DailyHugeDiscounts we were very skeptical of whether or not these surplus auction sites were real. We decided to put them to the test. What better way to find the truth than to conduct our own study?

I wanted to buy a **new big screen HDTV**, so I was put in charge of the test.

First, I did a ton of research on the subject to find out which surplus auction site was the most trustworthy and ultimately would be best suited for my test. After hours and hours of research I came to the conclusion that [BidRivals](#) was best because of its wide variety of products and great reputation. The way these auction sites supposedly work is that you buy bids to bid against others in auctions. If you win, you get to purchase the item at a reduced price. **BidRivals had a new promotion**, for a limited time, they are giving out 10 bonus bids on signup. This created an ideal situation for me, giving me the bids necessary to thoroughly test the site. This promotion is to help spread the word about shopping with [BidRivals](#) and show people how much they can save with surplus auctions.

### Wondering How BidRivals Can Provide Such Deals?

[BidRivals](#) gets their items from warehouse closeouts, surplus auctions, and liquidation clearance auctions. This is how they can offer such low prices in comparison to retail outlets.

### What Do They Put Up For Auction?

I've seen everything from cars to phones, computers, laptops, TVs, cameras, stereo equipment and **pretty much anything you can think of**. Here are a few examples:

#### How Does it Work?

Freda0170 won a \$975 LCD TV on [BidRivals](#) for \$43.68!

Hot Deals and Shopping Trends writer Paula of The DailyHugeDiscounts Report team recently put [BidRivals](#) to the test and the results were very surprising.

She saved over \$2,952 Off Retail

[BidRivals](#) beat all of our initial skepticism. People now can really get 95% off retail, which is quite amazing to say the least.

#### Step 1:

Click [this link](#) to go to BidRivals and sign up to get your bids using the promo below. BidRivals has agreed to keep the promo active a little longer for our readers. Get it while you can!

## Putting BidRivals to the Test

After going through a simple registration process on [BidRivals](http://www.BidRivals.com), I got my bids and began to try and win items listed up for auction. Before registering, I was still a little confused about the whole process - but after registering everything became clear.

I began to bid on the item I was after, a 52" Samsung LED TV. Surprisingly, I won after a very short period of bidding. It cost me only **\$82.95 total for an \$1499 HDTV!**

To make sure this wasn't a fluke, I decided to try again to see if I could win another item - again, to my surprise I won yet again - this time the savings were bigger! I ended up spending **\$163 for a \$1,699.00 MacBook Pro**. Very impressive, and I don't think stores can match such deals!

Shipping - after I won the products and paid for them - I received the items within a week. Simply amazing.

### My Full Experience With BidRivals\*

#### Week One

Research on the surplus auction system and how it works, and how you could legitimately get 95% off retail prices. You buy bids to bid against others in auctions. If you win, you get to purchase the item at a reduced price. I saw there were many users who won multiple auctions and knew with the right strategy that could be me.

#### Week Two

After finding that [BidRivals](http://www.BidRivals.com) was the most legitimate surplus auction site around, I decided to register with the promo code and claim my 10 bonus bids. I messed up on my first try, and didn't win the auction, but it didn't cost me much, so I continued to try to really find out if this system works.

I developed my system. I started to look for an auction that didn't have a lot of bidders. Typically these were the auctions taking place between 2am-5am EST.

#### Week Three

After some trial and error, I was able to win my first auction. After that, I decided I'd try again and see if it was possible to win more than once in a row. This possibility became a reality, and I won my second auction. After this, my bids were mostly spent, however I was VERY EXCITED to see my cheap items being shipped!

#### Week Four

I received my items, and they were in mint condition. Packaging was very good. I will never use a regular auction site again! I still can't believe I
